Coming home in the Honda van,
Pam's paramount concern was our
safety for which Robin & I did not
care. I remember seeing she really got
onto us! With love of course.

Thank you Pam & Bruce for giving me
my first job I loved so much at
Frame works and for helping me
get my second job teaching art. I'm
still at the same school 20 years later
& I'm forever thankful.

When we first moved to Lake
Oglethorpe we didn't know anyone.
Pam brought us a basket of
blueberry muffins with the sweet-
est note welcoming us. We truly
did feel welcome + accepted.

As I sit in your beautiful home with
a soft breeze, I just remember that Pam
was one of the first people I knew at the lake -
Busy with the business & 2 children, we
didn't "hang out" together - But I always will
remember you all as my idea of the
quintessential  love
family. Hard to imagine that she is no
longer here in body - But her SPIRIT is →

When a Mom leaves her first child at the Kindergarten does she leave a forever memory with that teacher. I always remember Pam as a Whit Davis "mom" one of the best. Later she welcomed us all to Cyprus and was especially kind to my sister Kathy.

So... Pam, Super Mom, is my Favorite mom.
